

MrShiplt.com ships goods from U.S. to Bahamas

★ **MR SHIP IT.COM** is the shipping company revolutionizing the freight forwarding industry in The Bahamas.

Within days of its official opening, MrShiplt.com was flooded with patrons wanting to ship valuables purchased in the U.S. to The Bahamas.

Jurelle Nairn, Managing Director of MrShiplt.com, expressed: "We know there is a demand because in less than seven days of launching, MrShipIt.com received over 1,000 Facebook fans but most importantly over 1,000 website sign-ups begging for better shipping alternatives!" The company is excited for their inaugural flight slated for mid-September.

To commemorate their **Rosetta Street** store opening, the company wanted to support another major

event happening at the same time: the first day of the school year.

MrShiplt.com partnered with **Ortland Bodie Jr of Real Talk radio talk show on 94.9FM** to donate back-to-school packages to needy students of Carmichael Primary and Ridgeland Park Primary Schools.

Ms Nairn explained: "Mr Bodie made it possible to connect directly with those in need. And MrShiplt.com was excited to help supply the essentials to help our youths succeed."

The MrShiplt.com team hand-packed over 50 school bags with the basic supplies kids need to kick off the school year, including water bottles, pencils, notebooks and rulers. "To continue the celebration," Nairn continued, "we are extending a **shipping rate of \$1.30 per pound to our future customers when they sign up on www.mrshiplt.com.**"

The shipping industry in The Bahamas is booming. There are numerous Bahamian freight forwarders offering an average shipping rate of \$1.90 for identical services such as purchasing assistance, freight forwarding and U.S. address capabilities.

MrShiplt.com is breaking the mould by offering these traditional services at a lower rate of \$1.30 per pound plus innovative services such as the **"SUPER" Gift Registry and Family Island Forwarding.**

Mr Ship It.com is conveniently located on Rosetta Street, Palm-dale, and offers **shipping services from the U.S. to all the islands of The Bahamas, as well as printing and office services.**

Sign-up today to score the \$1.30 per lb shipping rate online www.mrshiplt.com or over the phone, tel: 328-SHIP (7447).
